Col. Hatton's Speech.

We give up our columns this morning to the able speech of the American candidate for county, will address their fellow-citizens at the following Governor, made at this place last Wednesday. We commend it to the consideration of every voter in the State. It is a complete refutation of the arguments and sophistries of his competitor, and a thorough exposition and vindication of the principles esponsed by himself.

Public speaking.

Henry Maney and R. W. Haywood, condidates for joint representative, will address the citizens of Nashville, on Broad Street, on Wednesday (tomorrow) night, and the citizens of Edgefield at Davidson's Store, on Thursday night.

Judge Quarles Declined.

It will be seen from the following letter that Judge Quartes has withdrawn from the canvass in this Senatorial District, which leaves the canvass single handed to Dr. Hugh B. FLIPPIN, (American,) and H. DENTON, Esq., (Democrat.) With energy and concert of action, Dr. FLIPPIN's election is certain:

Gainesboro', Tenn., July 18, 1857. Editor of the Times: The conflict between Dr. FLIPPIN and myself being unpleasant to our friends, and like ly to prove disastrous to us both, I have determined to remove it by ceasing any longer to be candidate to represent this district in the

Senate of our next Legislature. Yours, &c., JAMES T. QUARLES. The Americans and Whigs of the District cannot fail to appreciate the motives which have actuated Judge Quarties in taking the course he has. Surely if Judge Quarles can sacrifice his personal claims upon the altar of his country, his friends can make some sacrifice in benalf of their country, and show a united front in favor of Dr. Flippin. That this will be the case we have no doubt. Then Americans to the rescuel-Sparta Times.

For the Patriot. In Memoriam.

DIED-On the 18th Inst., Mrs. ELIZA ANDERSON SAUNDERS, wife of Rolfe S. Saunders, of Memphis, in the 24th year o her age.

Though the ties of life are continually sundering around us, the death of the young and lovely is no less startling and it remains equally difficult to reconcile such events with the benevolence of an over-ruling Providence. All that the upon the assurance, that what we cannot see now we will know hereafter. The death of Mrs. Saunders has cast a shade of melancholy over a very large circle of relations and friends, and made them sensible how uncertain is human bappiness, and how mysterious are the dealings of God even with the purent of his creatures. Surrounded by friends and every earthly comfort, the promise of life to her was only of happiness. She was of that hopeful and lovour temperament, that makes friendship a source of never-failing pleasure, at the same time that it foresees no dark hours for itself. There is not a heart now sad over her death, that does not feel better for having known her. It were a sad but grateful task to depict her character in truthful and fit. | \$\frac{1}{2} \text{Just received by} ting terms, but it is a task beyond the eloquence of the most partial friendship. See was amiable and lovely to a degree, which woman herself rarely attains and never surpsases. Whether we saw her at home, in the bosom of her little family, or amid the happy circle of friends, the same hallowed influence seemed to characterize her intercourse with others. As a mother, she seemed to regard her responsible position a privilege, and brought to the discharge of its obligations an enlightened conscience, and an un wearying effection; while, as a wife, she was all that the gentlest and tenderest of natures could make her to him who now mourns her loss in bitterness of spirit. Her footsteps will no more follow him along the pathway of life, but his own spirit will be elevated and purified by the recollection of such companionship, and fitted to walk those higher paths, which she been so parly called to tread.

IMPORTANT TO MANUFACTURERS AND SPECULATORS.

JUSTICE & GALBREATH'S COTTON PLANTER AND CULTIVATOR

THE Patent Right of this new invention is offered for sale by the inventors. This Planter was invented by an old cotton planter, and we feel safe in saying it is the best imment ever off-red to the ath, This Machine cor ists in the following par ulars and works as fol lows: Harrows the bed ridge, and opens the fu ridge, and drops the seed, and covers them ep; thus completing the whole of the work at one going over, and saves the labor of four men and three horses; and does the work much nicer than can be done in the usual way; and also, saves at least

would be used in the usual way of sowing. Remember seed is worth 80 cents per bushel.

This Machine is also an elegant Cultivator, after the Cotton is up. The front plow, hopper, and covering block may all be removed, and Scrapers acrewed on. And then you scrape both sides of the row, and harrow the ground, and plow the cotton, if necessary, all at once; thus saving the labor of at least 5 or 6 hands.

The above Machines can be got up at a cost of not over eleven dollars, and can be sold in the South for \$25 or \$30 as fast as they could be manufactured or shipped there. Do not let anything prevent you making an investigation of our Cotton Planter. We challenge the world to show a better or more labor saving and useful implement for the purpose recommended. The first objection is yet got to be set up against it.

A small model of our Planter may be seen at the Sewance Houre, College street, Nashville. We have set the Patent Right of this Machine at 2% cents on the bale of cotton, produced of any State. Reference being had to the Statistics of 1859. We can be seen at the Sewanee House at present. After a few days, address JUSTICE & GALBREATH,

A RETIRED PHYSICIAN. Whose sands of life have nearly run out, discovered while in the East Indies, a certain cure for Con-sumption, Asthma, Bronchitis, Coughs, Colds, and Gene-ral Peblity. The remedy was discovered by him when his only child, a daughter, was given up to die. He has heard much of the wonderful restorative and healing qualities of preparations made from the East India Hemp and the thought occurred to him that he might make a remedy for his child. He studied hard and succeeded in realizing his wishes. His child was cured, and is now ally and well. He has since administered the wonderfulreme dy to thousands of sufferers in all parts of the world, and he has never falled in making them completely healthy and happy. Wishing to do as much good as possible, he will send to such of his afflicted fellow beings as request it, this recipe, with full and explicit directions for making it up, and successfully using it. Nashville, Tennessee unelo. [may29-daw8mins.] Dysentery, Bloody Flux, Diarrhon, and all disorders of the Bowels. THE Gradenberg Discretery Syrup, is sovereign in all disorders of the Bowels. Nothing is more injurious than the use of opinion in such disorders. The Dysentery Syrup neutralizes the acridity and chemically aiters th tents of the Bowels and very gradually checks the discharges. A thousand certificates of its efficacy could be got in Middle Tennessee alone, but we prefer to give but one, from the chalrman of the Board of Health, New York.

New York, April 25th, 1848. My position last year, as Chaleman of the Sanitary Committee of this city, brought me constantly in contact with persons sufering from Cholera, Dysentery, &c. Facts coming under my own observation, with reference to the efficacy of your Dysentery Syrup in the diseases, have beconfirmed by the testimony of my associates on the cost mittee, and particularly by Alderman De Forest, of the First Ward. So strongly was I impressed with the value of your preparation, I caused it to be sent to the Quarantine, where the Cholera then existed; and it is not a little remarkable that but a single case was reported afterwards.

TIMOTHY R. HIPBARD, M. D. Chairman Board of Health, N. Y.

The Children's Panacea is well known to be most efficacious in all disorders of children from one to five years old. Why should two-thirds of all the children born die before they are five years old, if it were not that the Vermifuges and all the other powerful medicines administered to them were not most injurious. Tecthing and other diseases of the second aummer cause but little apprehension where this is used. The Dysentery Syrup and Children's Panacea are worth sorre than words can express, july17.
